

# Do you really want to be a guinea pig this year?

Count on the window cleaning company your neighbors already trust!

“Hi, my name is Adrian Deines and I'm the proud owner of Alpine High Window Cleaning **NCW's #1 Most Recommended Window Cleaning Company.**

When you're shopping around for a professional cleaning contractor to help you with things like window cleaning, gutter cleaning and exterior low pressure and high pressure cleaning, it can be very confusing and frustrating. Who can you really trust? Who is going to deliver on their promises to you? Being a smart consumer is challenging!

The truth is, we're all the same. None of us want to be the guinea pig, we'd much rather prefer doing business with companies that have been around the block a few times. Companies with good reputations.

So is that true of Alpine High Window Cleaning?

If you visit our website at [www.alpinehighwc.com](http://www.alpinehighwc.com) right now, you'll be able to watch videos and read written countless reviews from our current and past clientele. Real homeowners and business owners like you, right here in North Central Washington.

When you're hiring a professional cleaning contractor, please keep us in mind. Rest assured that you'll never be a guinea pig with us!

## The "No Guinea Pig Promise"
